Wanted! Massage Therapist Volunteers!

By volunteering your time and skills, you will gain valuable contacts that may choose to use you in the future for their massage needs! This is a great opportunity to network with athletes from along the Front Range, while providing a much needed service for the triathlon participants! If you choose to volunteer your services, you would receive a space free of charge in the Vendor Village and would be able to put out a tip jar, along with your business cards.

If you are interested in any of the above Volunteer Opportunities, please contact:
