

LMO UPDATE

October 20, 2009

AIRPORT CONSTRUCTION NOTICE

Please be advised beginning Monday, November 2, 2009 through Wednesday November 4, 2009, the main runway will be closed for repairs. The closure times for Monday and Tuesday are 7 a.m. to 4 p.m. and Wednesday from 7 a.m. to 2 p.m.

Contractors will be working on the runway replacing all the concrete joints between the panels. We anticipate this project taking up to 4 weeks, weather depending. Therefore, each of the following weeks the runway will be closed on Monday's, Tuesday's and Wednesday's at the times noted above. A NOTAM will be issued reflecting these closures.

As we are in the beginning of the fall season, actual daily weather will determine the work schedule. As long as pavement surface temperatures remain at 40 degrees or above, work will continue.

This project is vital to maintain the long term integrity of the runway and by proactively taking this maintenance action; the runway will remain in good condition for many years to come.

Thank you for your patience.
