

City of Longmont Census Information Rent Costs

Rental Costs for Families

Percent of population with no cash rent

Gross rent is the contract rent plus the estimated average monthly cost of utilities (electricity, gas, water and sewer) and fuels (oil, coal, kerosene, wood, etc.) if these are paid by the renter (or paid for the renter by someone else). Gross rent is intended to eliminate differentials that result from varying practices with respect to the inclusion of utilities and fuels as part of the rental payment. The estimated costs of utilities and fuels are reported on an annual basis but are converted to monthly figures for the tabulations. Renter units occupied without payment of cash rent are shown separately as "No cash rent" in the tabulations.

This map is based on information from the 2000 Census Summary File 3 and produced by the City of Longmont Neighborhood Resources Division and Planning Department.
