

Water Fitness

Aqua Motion: A mild, no-bounce class for stretching and toning muscles and improving cardiovascular conditioning, CORE stability and joint mobility. This is a great class if you have arthritis, joint limitations or replacements.

LRC & Centennial Pool

Aqua Power: A high intensity predominately shallow water running and cardiovascular interval class designed to burn 500-700 calories in an hour and target buns, thighs and abs! **LRC**

Arthritis Aquatic: Developed especially for people with arthritis, this class helps many stay fit while reducing arthritis pain. The instructor is Arthritis Foundation certified and keeps the class interesting and the routines safe. **LRC**

Deep H2O Aerobics: A moderate intensity water fitness class with no impact to the joints. Floatation belts are provided for those who want extra support or are uncomfortable in deep water.

LRC & Centennial Pool

H2O Fitness: A high intensity combination aerobic class involving different workouts (Aqua Step, Kickboxing, Circuit Training). A great class for those who like a lot of variety and enjoy using different equipment in their aquatic workout. **LRC**

Hydro2ga:** A no impact, high resistance, deep water exercise program that does not use floatation devices. Hydro2ga encourages mind/body connection, breath awareness and core alignment. The underwater exercises done in this program build strength and a fun way to fulfill your exercise needs. Most Sundays 12-1pm. Please call for dates and fees (303-651-8406).

Centennial Pool

Masters Swimming: Improve your skills and stamina through intervals, drills and distance swimming. Recommended for adults who are comfortable swimming at least 1,000 yards non-stop. **LRC & Centennial Pool**

Beginning Masters Swimming: Not quite ready for Masters Swimming? Beginning Masters can get you there! While catering to your individual needs, you will receive stroke work plus a great workout. This program is recommended for adults who are comfortable swimming 200 yards non-stop. **Centennial Pool**

Morning Fitness: Start your days off right with a great, fun workout! Aerobic conditioning is what this class is all about. **LRC**

Natal by Sea: A low impact aerobics class for expectant and new mothers. Increase your cardiovascular resistance as well as tone, condition and strengthen muscles used during pregnancy, birth and recovery. **LRC**

Nite Fit: Want to work out in a quiet, supportive atmosphere? The main purpose is to help you with this by managing your fitness, health and well-being. Workouts are done in the pool and on land with emphasis on cardio and resistance training to help us overcome our bodies natural tendency to plateau. **Centennial Pool**

Land Fitness

Abs & Arms: Upper body and core training at its finest! 45 minutes is all you need to work these areas to fatigue. **LRC**

Ballblast: Using a fitball, discover the new way to train your body while developing strength, increasing flexibility and toning your muscles. **LRC**

Boot Camp: No Choreography, but driving music for high intensity interval sports conditioning, running, plyometrics and calisthenics. **LRC**

Butts & Guts: Lower body and core training at its finest! One hour is all you need to work these areas to fatigue. **LRC**

Cardio Kickboxing: Kickboxing moves and other heart-pumping cardio exercises, incorporated with alternating periods of higher and lower levels of intensity. **LRC**

Cardio/Sculpt: A powerful cardio and sculpting class that has cardio components and uses combined muscular strength and endurance exercises. **LRC & Memorial Building**

Core: A core class using body weight and mechanics to get fit, strong and balanced in your life. **Memorial Building**

ETC (Extensive Total Conditioning): Challenge your body to this advanced conditioning class that adapts and changes to reshape and refine your entire body. **LRC**
